### RECOMMENDATIONS

#### Craig & Grace Mee

*"We always wanted our wedding to be a low key and informal affair, where our guests and I could feel totally comfortable and free to enjoy our day without the restrictions of a tight agenda or an intrusive photographer. Michael was the absolute perfect fit for our needs, he has a warm and friendly nature and provided the perfect blend of professionalism, being able to take just the shots we wanted, without ever feeling a moment was taken away from our special day. We were overwhelmed with our final photos, having chosen specifically to have a vintage style wedding, it was important that the photos had a similar feel and Michael was able to provide this with ease. Thanks again Michael for capturing our most important and happiest memories so well"*

Thank you Mike, Craig & Grace"
